A bit about me...

Having grown up in North Wales and moved to the Chester area around 10 years ago I now have two children at Dee Point and became a Governor to ensure that all children at the school receive the very best education possible.

I hope my experience as a financial adviser and running and owning financial advice business locally will help keep the leadership of the school accountable and ensuring that all children receive the best possible fully rounded educational experience.

In my spare time I enjoy keeping fit at the gym and playing golf.
